

## Green'S

Green's, designed by Baldanzi & Novelli, is a unique chair, truly one of a kind in the world of waiting rooms and communal areas. It is completely recyclable, since it is made of high-resistance plastic. This product marks an exceptional milestone in this industry. The structure of the seat back, which is made of a single block, is fitted with the patented Flex-system, for absolutely unprecedented comfort. Perfect for training classrooms, conference halls, waiting and meeting areas. Perfectly stackable. Upholstered cushions can be applied to the seat, and these are available in a broad range of fabrics.

### Projects

**ABI**, Milano, Italy (2011)
